

Hello to all our parents and girls,

I hope you are all keeping safe and well during these challenging times. There is no doubt that the teaching and learning that usually goes on in the class setting is really missed by both Ms.Ryan and Mrs Kennedy and the children at the moment. We sent home a list of daily work for this week and next week which is from 20th April until Fri. 1st May. This work is similar to the work we usually give each night with a few additional workbook pages attached. Your child can keep practicing their tin-whistle as we provided them with a few new tunes to learn over this period. Please keep up the great work being done at home and it's very much appreciated as I know most households have many other challenges to contend with at present.

I hope you all had a very safe and Happy Easter. It is difficult to celebrate special occasions in our usual manner, but I hope yourselves and the children have made the best of this unusual Easter break.

I am sure many parents are aware that access to online resources for teachers and parents have become free over the past month. Please do not feel the need to access these resources as they are supplementary material or as a suggestion for extra material if required by parent(s) or child.

Finally, we just want to express our sincere gratitude to you as parents/guardians for taking on this workload with your child during this time. It's greatly appreciated by ourselves and we hope to be back in the classroom teaching your child in the very near future. Please tell your child we were asking for them and we are looking forward to seeing them very soon 🙏

Take care and stay safe during this time,

Kind Regards,

Ms. Annette Ryan

Mrs.Emily Kennedy
