

Dear girls and parents,

Ms Dermody here! I hope you have been well since we last met and that you are remembering to stay safe and be kind at home. I know it is hard but hopefully we will all get back to school soon. I am sending you some nice work for you to try at home. I would also like you to keep an eye on the school website where I will send you little messages from time to time.

Please do not worry if you can't do it all. Just do your best. The most important thing is to be kind and helpful to everyone at home.

You might need a grown up to help you scroll down to find the maths pages at the end of this document. You do NOT need to print the pages, just do them in your copy. Please don't stress about doing it all, try a little each day and stay in touch if you need help, with best wishes, missing you all, Ms Dermody
