

Dear parents,

This daily timetable for the coming week is just a menu of work for the children to choose from. The most important activity is reading and we would encourage every child to read a little every day if possible. We fully understand that families have different needs and pressures during this time and we don't want to be adding to the stress with schoolwork. Not every classroom has 4 walls- children can learn so many important life skills helping at home, baking, being creative, discovering and by simply playing.

Please contact us on the attached emails if you need us to clarify anything. Keep sending us the girls work-we love hearing from you and seeing all the wonderful activities!

Thank you again for all you are doing.

Take care,

Ms Ryan & Mrs Kennedy
