

Rang 6 Monday 25th - Friday 29th May

Hello to all of my wonderful girls and parents,

I was thinking of you all on Saturday, on what should have been such a special day for you all, your families. I hope that you all enjoyed your day, whether it was by reading a book, painting or eating lots of snacks.

I can't wait to have a lovely chat with you all on Zoom again this week and see those happy, smiley faces and hear all the news. I'll set you more work from your transition booklet during the zoom session. You should have done the pages on the timetable and the map for Tuesday 😊 Any questions etc. you have for me write them down so you don't forget them or remember, you can email them to me before the zoom session too. If anyone hasn't received their link for their zoom session send me an email and I will re-send it to you.

Thanks to all of you who sent me pictures of your work last week, I was inundated and it made me so happy!! So let's keep that motivation going and set targets for ourselves as we discussed during zoom. As always if anyone is in need of some motivation, send me an email and I will get you motivated 😊

This weeks SESE is **loads of fun** so make sure you give it all a go...no books involved!!!

MATHS COMPETITION WINNER! Has to be Miss Lori Coughlan who found the circumference of her trampoline!!! Very impressed Lori well done, you really thought outside the box!!

See you all soon!!! 😊

Stay safe and happy,

Lots of love

Miss. Teehan 

English:

We are back to Reading Zone!!! Woohoo. No I'm joking, this week I've put together a reading piece on Space. You'll learn about the first all-female spacewalk and some interesting facts about space - seriously girls there's loads of stuff I learned while making this for you.

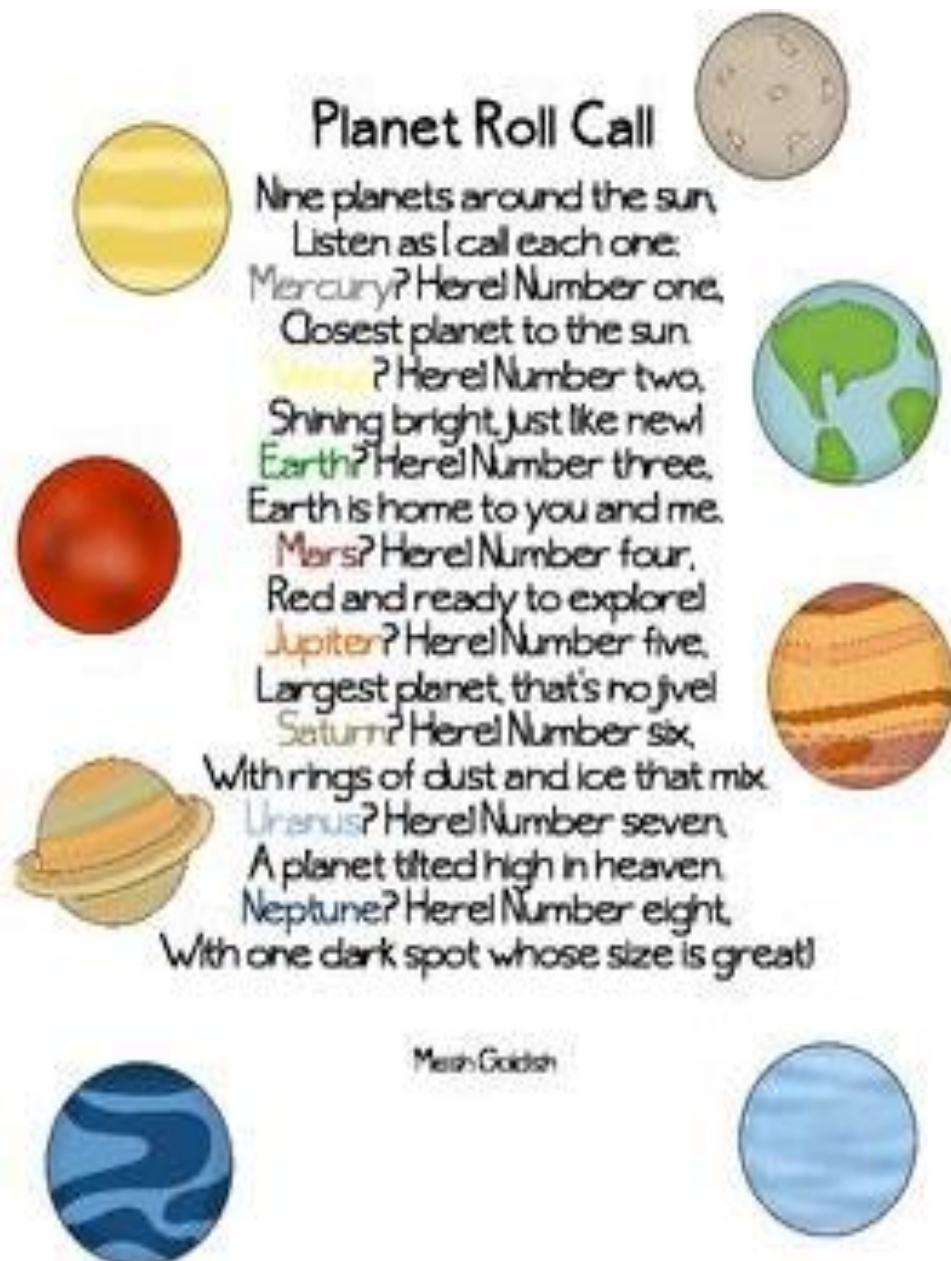

This links in with our SESE for this week also, and our art.

Writing: Choice between a report and a persuasive piece.

Report: Write a report on a planet, galaxy or the stars.

Persuasive: Life exists on other planets. (show me whether you agree or disagree and support your reasons).

Poetry:

I'm not asking you to write a poem this week, instead after reading the poem on planets, I want you to have a think about planets. Imagine you could create your own planet...

- What colour would it be?
- Would it be similar to earth?
- What rules would you implement on your planet?
- What would you call it? Why?
- Would there be humans, or a new species?
- Would you be able to travel between earth and your new planet?
- Would it be a sphere or a different 3D shape?
- You could draw this, or simply write a short paragraph, or poem, describing your new planet. Make it as strange and weird as you like!

Maths:

Planet Maths: Topic 25 '3D Shapes'

Find some examples of 3D shapes at home....again the more obscure (strange) the better.

How many faces does it have?

How many edges?

How many vertices?

Make a structure out of some 3D shapes. A house, a bridge, a building...whatever your imagination comes up with.

Planet Maths:

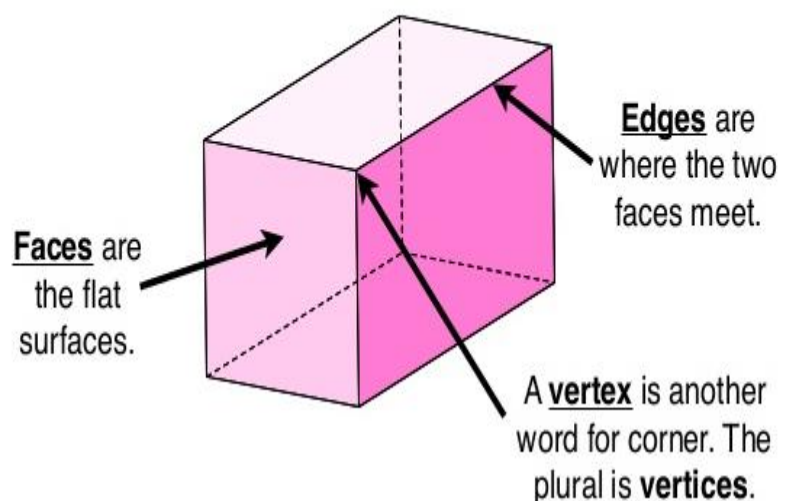

Page 157 - Activity A

Page 159 - Activity B and C

I have attached a tables challenge for you aswell...let's see who the winner will be!!!!

3D Shapes

3D shapes have faces, vertices and edges.

Gaeilge:

Briathara Neamhrialta - Ith (to eat)

Aimsir Chaite (ate)	Aimsir Laithreach (eat)	Aimsir Fháisteanach (will eat)
D'ith mé	Itheann mé	Íosfaidh mé
Pronunciation dih	Pronunciation Ih-in	Pronunciation Ees-hig

Scríobh 2 abairtí san aimsir chaite, aimsir láithreach agus san aimsir fháisteanach.

Samplaí:

D'ith Smilte cáca a rinne sí lena máthair. (A.C)

Itheann Rachel ceapairí agus úll don lón gach lá, agus ólann sí uisce. (A.L)

Íosfaidh Ava a dinnéar tar éis an obair bhaile a dhéanamh. (A.F)

S.E.S.E

This weeks SESE is great craic, I'm really sad we didn't get to do it in school 😞, I usually do it around now in class so I'm relying on ye to do this at home for me and have a bit of fun with it. We are going to make confetti poppers!!!! All of the instructions are on the website where the work is posted each week!! **Send me videos of this one, I usually take a class video of this so...if I get a video from everyone I'll do my best to make a collage effect video with you all popping confetti!!**

ALSO - Make a Rocket.....give this a go if you can. I tried this last year and couldn't get it to work! So I'll be extremely impressed if any of you get this one to work!! Here's a video showing you what to do. Also BE CAREFUL stand well back from it!

SPHE:

Continue to write down something good about every day and something good about yourself.

If any of you would like me to send you a well-being journal like the one we had during well-being week, send me an email and I will get it to you 😊

Art

This weeks' art will be based on space!! You could create your new planet on paper, or you could build it from materials lying around the house.

You could create a painting or drawing on the stars in the sky. You could draw an alien. I am giving you lots of freedom on this. But I know that some of you hate too much freedom in art, so here are some examples of art based on space...

Music

This week I'm adding two of our all time faves to dance around to in the classroom first is Mamma Mia and the second is our lip sync battle song...Bohemian Rhapsody!! Stick in the earphones, or blast the speaker. Grab a hairbrush and sing into the mirror, dance around your bedroom in privacy or dance around the kitchen and make the whole family join in. Have fun!!!
